Interim Report Q1 2016

ACTIVITY REPORT FOR 1st QUARTER 2016

Market of non-performing claims remained active during the first quarter, 2016. PlusPlus Capital was invited to participate in seven different tenders across the Baltic states.

During the quarter, PlusPlus Capital bought two banking sector portfolios in Estonia and Lithuania respectively with face value of approximately 600 thousand euros. At the end of March, the company won a bid for a liquidation sale of a banking portfolio in Latvia and acquired claims with aggregate nominal value of 15 million euros.

Consolidated total income of PlusPlus Capital AS was 459 thousand euros and net income 37 thousand euros. In terms of actual collection, March was the record breaking month of whole history and in April we expect further hike in payments received. Total assets grew by ten per cent since the end of 2015 and comprised nearly 9 million euros as of end of the quarter.

The outlook for the Baltic market remains positive. Traditional sellers continue with auctions in ordinary course of business. In addition to those, we expect to see a limited number of extraordinary auctions related to liquidation of certain positions by credit institutions in the second half of 2016. As outsourcing of non-core activities is still considered part of cost-saving programs implemented by banks, we anticipate the variety and quality of claims sold will continually improve.

In addition to banking sector supply, non-bank lenders' volume is increasing rapidly. As a result we believe the market will see new high-quality sellers in a one-year time horizon.

In February, PlusPlus Capital completed its first offering of long-term bonds. The bond issue was an important event supporting the aspiration to attain better access to financing in order to improve competitiveness in the market.

The company issued 4,000 bonds with nominal value of 1,000 euros each. As of end of March, 750 bonds were placed with investors. Accrued interest as of 31 March was 21.31 euro per bond and total due to bondholders 765,982.50 euro.
